BellCount S515F

2022-02-07

Features

- Accurate and reliable one and a half pocket multicurrency banknote counter with fitness sorting functions.
- Currency auto-switch. Just put the notes in the hopper, S515F will automatically select the right currency and start counting.
- Handles up to 30 different currencies of which 3 currencies can include fitness sorting.
- Value counting function for sorted or mixed denomination banknotes (4 orientations).
- Banknote fitness sorting into three categories; Unfit, Fit or ATM quality.
- Efficient and tolerant note feeding. Very pleasant noise level.
- Banknote serial number reading system (OCR based) including Black List function.
- Appreciated BellCon design with clear and bright 3,5" graphic colour display with finger touch function.
- Includes an issue sorting mode, which makes it possible to sort out old issue banknotes.
- Suspect banknotes are sorted out to the reject pocket and will not be counted.
- Software can be updated via standard SD memory card or via PC and USB cable.
- Integrated LAN port.
- Batch value input by fast preset key or by numerical touch keyboard.
- External display and printer can be connected (optional).

Reject pocket capacity:	Up to 50 notes

The whole top can be opened for full access to all sensors and the banknote transport system.

Advantages

BellCount S515F is the market segment's most compact fitness sorter.

The high-tech features and the stunning appearance combined with simple, intuitive operation makes S515F the intelligent choice.

High reliability and quality at an attractive price level are characteristics of S515F. The easy access to all parts of the banknote path makes routine maintenance easy to perform. A protective dust cover is included in the delivery.

Warranty

12 months against all defects in material and labour.

Benefits

BellCount S515F saves time and money by automated and intuitive operation.

Costs are cut by performing authentication, counting and fitness sorting simultaneously. The reject pocket ensures that the note processing is uninterrupted. No stops required.

Even though BellCount S515F is advanced with many functions, it requires limited space due to the compact size and small footprint. S515F is designed for every modern financial and retail sector environment.

Open the rear like a drawer to get full access for cleaning and removing damaged banknotes.

Approvals

RoHS compliant and CE marked.
